

Hood's Sarsaparilla

MAN MAY CREATE LIFE.

Prof. Ostwald Thinks It Only a Matter of Chemistry.

New York, Feb. 1.—Man, through his advanced science, may develop into a creature himself, in the opinion of Prof. Wilhelm Ostwald of the University of Leipzig, in a lecture at Columbia University on the results of the attempts to create life through chemical processes.

Prof. Ostwald has given careful attention to the experiments of Prof. Jacques Loeb of the University of California, and announces with confidence his belief that by slow development science may even create a type of life as high as that of our domestic animals, or something akin even to man.

Prof. Ostwald says of his theory: "There is practically no limit to what man can do in this direction. Of course, at first he will be able to produce only a piece of protoplasm, something like the water hydra or the resemblance of the sea urchin that Prof. Loeb has evolved, but it will be instinct with real life and will be a step in the new evolution."

"It seems to me that the scientist who does this will be able to determine the physical form of his creation after the development has started, and he will have created a new order of life, for this being will multiply in its own form indefinitely, just the same as all our modern animals. Who knows but new order of humanity may be created."

"Our science is young. Some of the most important branches of chemistry have been known but 20 years, and cannot yet fully explain the fact and phenomena of life, and after all, a living thing is nothing but a system of energy and life—it is a matter of chemistry."

To Cure a Cold in One Day

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

ROGERS NEED NOT ANSWER.

Justice Gildersleeve Denies Hadley's Petition.

New York, Feb. 1.—Justice Gildersleeve in the Supreme Court yesterday denied the application of Attorney-General Hadley of the state of Missouri to compel Henry H. Rogers, vice president of the Standard Oil Company, to answer certain questions at a hearing before a duly appointed commission in this city with regard to the stock ownership of the Standard Oil Company, the Waters-Pierce Company, and the Republic Oil Company, against which corporations "quo warrant" proceedings are pending in Missouri.

Justice Gildersleeve holds that the court of original jurisdiction (in Missouri) should determine the question raised by Mr. Hadley. The motion of Mr. Hadley is denied, with leave to renew.

The court's opinion concludes as follows: "Under the circumstances, I am of opinion that, due regard for the court of original jurisdiction demands that this court should await the decision of the Supreme Court of Missouri, and not, at this time, consider the propriety of compelling the witness Rogers to answer any question relating to stock ownership in the respondent companies."

ATTACKS THE STANDARD OIL.

Representative Campbell Would Curb Private Car Traffic.

Washington, Feb. 1.—With the avowed intention of hitting the Standard Oil Company Representative Campbell offered an amendment in the House yesterday emphasizing the placing of all private car and transportation facilities under the regulation of the Interstate Commerce Commission. He quoted from the testimony of railroad officials showing that the best packers practically make their own rates, and that the Standard Oil Company dictated in the same manner.

"Ye gods!" exclaimed Mr. Campbell, after he had read a statement from an officer of the Standard Oil Company, announcing that if the prosecution in Missouri did not cease, the producers of oil in that section would lack facilities to market their product, "the power of monopoly stopping the prosecution of suits pending in the courts by threatening the innocent producer."

DEPEW QUITS EQUITABLE.

Resigns as Director—H. R. Winthrop Elected Treasurer.

New York, Feb. 1.—Senator Chauncey M. Depew yesterday at the monthly meeting of the board resigned as a director of the Equitable Life Assurance Society thus severing the last tie that bound him to the concern.

Henry Rogers Winthrop, who has been for some time past financial manager and assistant secretary of the society, was elected treasurer. Mr. Winthrop succeeds the late Sidney Dillon Ripley. About a year ago Mr. Ripley, who was a brother-in-law of James Hazen Hyde, died. Since his death the position of treasurer has been vacant.

Marshall Field's Estate.

Chicago, Feb. 1.—Executors of the estate of Marshall Field filed a petition in the probate court yesterday, asking that Mr. Field's will be admitted to probate. The petition places the value of the estate in Illinois at \$75,000,000, of which \$40,000,000 is in personal property.

LET THE EAGLE SCREAM.

King of Birds Looks Well on the Label of the King of Cigars.

It is not often that the cigar store has a lot of eagles, but C. H. Kendrick & Co. when they received their stock of Wadsworth Bros. Cigars found that a handsome eagle decorated the box. It is very appropriate, they say, to have the King of Birds on the label of the King of Cigars. This is one that pleases all who love a good smoke, yet it sells for only 10c. Smokers who used to pay ten to fifteen cents for cigars now put up with 10c. cigars, and are better pleased and satisfied.

Try a Chico and you will thank C. H. Kendrick & Co. for recommending the cigar.

LAUDS THE PRESIDENT

In House of Enemies Roosevelt Finds Ardent Champion

IN PATTERSON OF COLORADO

He Is Patterson of Colorado—Democratic Senator Warmly Defends Morocco, San Domingo and Railroad Rate Policies.

Washington, Feb. 1.—In a remarkable speech in the Senate yesterday afternoon, in which he supported the President's course regarding Morocco and San Domingo, Senator Patterson of Colorado, a Democrat, praised Mr. Roosevelt's policies in strong terms, and contended that there were overwhelming reasons why every Democrat should stand by the executive.

"I believe Democrats should feel distinctly friendly and cordial to the President," said Senator Patterson. "I doubt that the Democratic party elected its candidate at the last election if we fearlessly engaged in maintaining the rights of all the people as against certain wealth for the purpose of amassing Mr. Patterson praised the President for championing rate legislation, in which he was 'but giving life to Democratic principles and Democratic measures,' and for his high courage in fighting the money power."

Concerning Morocco, the senator took the position that the basic problem in connection with the Algeiras conference is commercial in its nature; that as the United States had been a party to the Algeiras conference in 1880, it was wise policy for this country to stand for the open door in that country. He expressed the opinion that there would be no difficulty in avoiding complications with European powers.

Taking up the question of the relations of this country with San Domingo, Mr. Patterson said the circumstances justified all the steps taken by the President; that the latter had not transcended his authority in preserving the status quo in the island republic; that this was only right, and that in case of the failure of the pending treaty nothing would be lost to San Domingo, as the money collected and on deposit in New York could and would be returned. He antagonized and argued that the proceeding in this case may become a harmful precedent, or a precedent at all, unless under similar circumstances, when it would be desirable to have a precedent. Under conditions like those prevailing in this matter he believed the acceptance of an invitation like that from President Morales to be entirely justified.

The Dominican question he said, involves the Monroe Doctrine, and there is no occasion for division on party lines on that question. He confessed to a very friendly feeling toward the President, due to the record he had made as a statesman and citizen and as a first magistrate of the republic.

Mr. Tillman presented and asked immediate consideration for a resolution requesting the President to send to the Senate all the official correspondence with the American minister to San Domingo in 1904. Mr. Allison objected to present consideration, and the resolution went over until today.

PURSuing R. R. MERGERS.

Democratic Leaders in Congress Determined to Press Inquiry.

Washington, Feb. 1.—Further developments as to the alleged railroad mergers are expected, in the form of a resolution calling on the President for information such as the Interstate Commerce Commission has relative to the Harriman lines. John Sharp Williams and other Democratic leaders are back of the movement.

Representative Gillespie has given out that if the Interstate Commerce Commission does not go fully into the information of control by the Pennsylvania of the Baltimore and Ohio and other lines and show the intimate relations or identity of directors, he will present another resolution for a congressional investigation.

At the Interstate Commerce Commission it is said the report called for by the Gillespie resolution will be out in a few days. Such data as the commission has will not show Pennsylvania control of competing lines.

CHOLERA KILLING FILIPINOS.

More Than 1,200 Fall Victims—Still Is Raging in the Provinces.

Washington, Feb. 1.—By the last outbreak of cholera in the Philippines more than 1,200 people have been swept away. This is the showing made by the last report of the public health and marine hospital service.

The ravages have been chiefly in the provinces, 1,026 deaths out of 1,413 cases. Manila, however, has suffered, having 219 deaths out of 248 cases. There is little or no cholera in the capital now, but in the provinces the disease still rages, although it has been stamped out of the two provinces where it first made its appearance.

SMOOT GAINS A FRIEND.

Patterson Succeeds Clarke on Senate Elections Committee.

Washington, Feb. 1.—Senator Smoot and his friends believe they have scored an important point in the withdrawal of Clarke of Arkansas from the privileges and elections committee and the accession of Patterson of Chicago to the vacancy.

Clarke is anti-Smoother. Patterson, by reason of his business relations with Utah people, is rated friendly to Smoot, and ready to oppose in committee and out of it, Smoot's expulsion.

Another Middle Goes.

Washington, Feb. 1.—Midshipman Ned Leroy Chapin has been dismissed from the naval academy for hazing. He was a member of the first class and appointed from California.

HYOMEI CURES CATARRH

Its Healing Balsams Kill All Catarrhal Germs—Sold Under Guarantee by Rickert & Wells.

There is no more common disease than catarrh, and none that is more dangerous. It weakens and debilitates the whole system, if it is allowed to run, leads to serious and sometimes fatal complications.

It is a note-worthy fact that among the many medicines and treatments for catarrh, there is only one which Rickert & Wells sell under their positive guarantee to refund the money if it does not cure—Hyomei, Nature's remedy for the cure of catarrh.

No dangerous drugs are taken into the stomach when Hyomei is used. Breathed through the small pocket inhaler that comes with every Hyomei outfit, its healing balsams penetrate to the most remote cells of the throat, nose and lungs, killing the germs of catarrh, healing the irritated mucous membrane and making complete and lasting cures.

The complete Hyomei outfit, consisting of an inhaler that can be carried in the purse or vest pocket, a medicine dropper and a bottle of Hyomei, costs only \$1. The inhaler will last a lifetime, while extra bottles of Hyomei can be procured, whenever needed, for only 50 cents.

Rickert & Wells are selling a good many Hyomei outfits at this season, and they have so much confidence in the remedy that they guarantee to refund the money in case it does not cure.

CHANGE AT ST. ALBANS.

W. H. Zoarce Resigns as General Manager of Vermont Power Co.

St. Albans, Feb. 1.—W. H. Zoarce has resigned his position as general manager of the Vermont Power and Manufacturing company and the St. Albans Street Railway company, to accept a position as electrical manager with the American Optical company of Southbridge, Mass. Mr. Zoarce's position will be filled by Frank H. Foote of St. Albans.

A HOTEL COSES.

The Park View in St. Albans a Thing of the Past.

St. Albans, Feb. 1.—The Park View hotel has closed. The proprietor, William Landon, recently filed a petition in bankruptcy. The hotel was closed for a time immediately after that, but it was again opened and is closed for good. The fixtures, which were purchased by Mrs. Landon, will be sold at auction.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

E. J. CHENEY & Co., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.

ALEX COREY & CO., 28 and 30 Prospect Street, Barre, Vt.

DEMANDS INCREASE

Mitchell Tells Joint Committee Wages Unsatisfactory

MEN WANT TO SHARE

In the General Prosperity—The Minimum Increase That Will Be Accepted Without a Struggle Is 5.55 Per Cent.

Indianapolis, Feb. 1.—John Mitchell, president of the United Mine Workers of America, addressing the joint senate committee of the central competitive district yesterday said:

"There must be an increase in wages or there will be no agreement."

It is generally recognized that his statement is backed by the almost unanimous sentiment of the miners' delegates, and that the minimum increase that would be accepted without a struggle will be 5.55 per cent., which was the amount of the decrease in wages two years ago.

CALENDAR OF BLOOD.

Ninety Persons in Chicago Are Awaiting Trial.

Chicago, Ill., Feb. 1.—It is announced by the state attorney that, beginning yesterday, eight judges will sit in the criminal court and endeavor to clear up the calendar, which includes the case of 90 men and women charged with murder and attempted homicide.

The depth of the people's feelings and purposes regarding crime was responsible for two stirring anti-crime meetings Tuesday. At a meeting of the Anti-Crime league the sentiment was unanimous for \$1,000 saloon licenses, a measure which will at once provide funds for the employment of more policemen and reduce the number of bar rooms.

At a session of the Law and Order League, the Rev. John Norris Hall, pastor of Wesley Methodist Episcopal church, and leader in anti-crime agitation since the Hollister murder, presented an account of the pursuit of a woman member of his congregation by a degenerate youth. The incident occurred in the afternoon, and illustrated the prevailing conditions which have wrought up public sentiment to a pitch not before known.

MADE FATAL MISTAKE.

Watchman Shoots Companion, Thinking Him a Burglar.

Easthampton, Ct., Feb. 1.—Supposing that a fellow watchman in the store of H. G. Clark was a burglar, Gus Anderson shot and probably fatally wounded Leon Tracy yesterday. The men, who are prominent citizens of the town, slept in the store Tuesday night. This store has been robbed twice during the last few months, and as two suspicious men were seen about the place Tuesday, it was decided to sleep in the building in order to watch it.

About 3:30 o'clock in the morning Tracy got up to get a blanket, and Anderson, thinking he was a burglar, picked up the shotgun which was by his side. Tracy told Anderson not to shoot, but the latter did so, the entire charge entering Tracy's groin, causing a terrible wound. Tracy, who will probably die, places no blame on Anderson.

PARCELS POST ARRANGED.

Stockholm, Sweden, Feb. 1.—An agreement for the establishment of a parcels post at Stockholm between Sweden and the United States has been concluded. It becomes effective today.

A CARD.

We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Green's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded.

Grand Special Matinee Wednesday at 3:30

Sets on Sale Friday Morning at the Red Cross Pharmacy.

PROCRASTINATION

The Habit of Delay—Some of Its Consequences—Causes of This Bad Habit.

"Defer not till tomorrow to be wise."

Truly it has been said that procrastination is the thief of time. The habit of delay is one of the most vicious faults which mankind is subject. In almost every instance delays are entirely unnecessary and are often due to carelessness, but more often to thoughtlessness. Strange as it may seem, this danger from delay is encountered more often as a result of carelessness or thoughtlessness about one's health or the health of someone dependent upon us. How often pneumonia could be prevented if the victim had acted sooner.

Now is the time to watch out for that little cold. Now is the time to take steps to check it, and the best way to arrest its progress is to take Mages's (Malt) Emulsion. This is the wonderful combination of cod liver oil, syrup, diastase, non-alcoholic malt and hypophosphites. It primes the system so that it will throw off that "little cold" and prevent such serious complications as pneumonia, bronchitis, grip, etc. Mages's (Malt) Emulsion is non-narcotic and non-alcoholic. Nothing enters into its composition that is not of value to the system. It produces fat, keeps you warm and makes you strong. Mages's (Malt) Emulsion is a food, a medicine and a tonic combined. Besides, the alcohol preparations of cod liver oil. They contain no oil, so cannot possibly produce the benefits sought. Besides, the alcohol will cause a reaction after you cease taking it, that will leave you in a worse condition than before.

Mages's (Malt) Emulsion will surely help you. Start taking it today and a month later compare yourself with your condition of today. Don't delay, tomorrow never comes. Remember, no wine, no whiskey, just food. Get a bottle today of E. A. Drown, Druggist, 48 North Main street, Barre, Vt.

BLOCK THE WAY.

Franco-German Differences on Morocco Stop Progress.

Algiers, Spain, Feb. 1.—The committee of the Moroccan conference which is examining the question of taxation has completed the work preparatory to the submission of its report to the conference today. The committee proposes to leave the question of internal imposts largely to the hands of the diplomatic corps residing at Tangier, who will formulate suggestions for the guidance of the sultan.

No progress is perceptible towards reconciling the Franco-German difference on the main question of the military police. Both sides express confidence of finding a solution, but neither advances a definite proposition.

This hesitation on the part of the main contestants leads the neutrals to feel that a prolonged avoidance of the main issue may require discreet pressure from governmental sources abroad to hasten the parties to present some definite plan for a settlement.

DEATH ORDER.

Warrant in Tucker Case Issued for Week of June 10.

Boston, Feb. 1.—The warrant calling for the death of Charles L. Tucker, the condemned murderer of Mabel Page, who was sentenced to be electrocuted during the week of June 10, by Judge Sherman last week, was filed yesterday with the clerk of court of the Middlesex county and copies have been served upon Governor Curtis Guild, Sheriff John R. Fairbairn of Middlesex county and Warden Bridges of the state prison. The sheriff is commanded to confine Tucker in the county jail until within ten days of Sunday, the first of the week appointed for the execution, and within the ten days to convey Tucker secretly to the state prison. The prison warden is ordered to keep Tucker in close custody until the infliction of the death penalty.

WAR IN PARIS CHURCHES.

Violence Attends Taking of Inventories by Government Officials.

Paris, Feb. 1.—There were scenes of violence in many Paris churches yesterday afternoon when government commissioners appeared to take inventories of the church property, pursuant to the provisions of the law providing for the separation of church and state. In many instances the commissioners were unable to accomplish their tasks, crowds of fervent Catholics, filling the edifices, some resisting vigorously, and others chanting psalms.

At the Church of St. Roch a marriage ceremony had just terminated when the government officials arrived, and it was with the greatest difficulty that the commissioner was protected from violence. Eventually he was ejected.

A number of arrests were made.

DENIES STEPHANY'S CHARGES.

Alsace Secretary of State Admits, However, Government Planned Arrests.

Strasbourg, Alsace-Lorraine, Feb. 1.—The pamphlet recently published by former Commissary of Police Stephany which contained a violent attack on the German method of governing Alsace-Lorraine, led to a debate in the Alsacian Diet Tuesday. Herr von Kessler, secretary of state, said he did not believe that there was anything in the accusations made by Stephany, but admitted that in case of war certain persons known to be hostile to the government would be at once arrested. Stephany has been arrested at Zurich, Switzerland. Important documents were found upon him.

BILL HITS NON-RESIDENTS.

Personal Property of All Having Sites in State to Be Taxed.

Albany, Feb. 1.—The Senate yesterday passed Senator Sax's bill providing for the taxation of personal property of non-residents having actual sites in this state.

ARE MAKING MANY BOMBS

Russian "Reds" Are Planning Death in Scores of Cities

MANY CAPTURES MADE

But Grim Work Still Goes on—Government Issues Arms—Car Even Allows Organization of Armed Estate Guards.

St. Petersburg, Feb. 1.—The government is finding ample justification for its severe policy against the revolutionists in the constant discoveries of bombs, bomb factories and depots of arms and munitions in all parts of the empire which are now so commonplace that such matters scarcely obtain individual mention in the papers.

The Novoe Vremya, yesterday, however, prints half a column of statistics of last week's captures, showing the seizure of bombs in a score of cities and the discoveries of regular bomb laboratories, explosives and filled and unfilled bombs at Ekaterinburg, Samara, Riga, Vikutsk, Suwalki and Entenioslav. Terror
